

Join the Williamson County and Cities Health District in celebrating

NATIONAL Breastfeeding AWARENESS MONTH

August 2015

Need Breastfeeding Help for the First Year?

Most WIC clinics have breastfeeding Peer Counselors who can help with basic breastfeeding issues, and International Board Certified Lactation Consultants to help with more difficult problems. During the month of August Your Public Health Department will be celebrating National Breastfeeding Awareness Month with family-friendly events designed to educate and enjoy.

August 1, 2015
